

LET TYM BYERS, ONE OF OUR CHORUS MEMBERS, TELL YOU HIS STORY...

I've been a member of New York City Gay Men's Chorus since 2009. I initially joined as an opportunity to perform between gigs. But, as time went on and I stepped away from performing professionally, the chorus became so much more important to me. In 2011, my father passed away and his death caused a big rift in my family's dynamic. That's when the chorus really took front and center...
