

“Sonic Integrity” – Lucio Maramba, Sound Designer

Thank you for attending the “Sonic Integrity” webinar - I was honored to be asked by GALA Choruses to present at their 2020 Virtual Leadership Symposium. On this sheet, you will find a collection of links to virtual chorus videos where I served as Sound Designer & Audio Producer. These videos are great examples of work using singer's video & audio captured at their homes during the pandemic (via mobile phone, tablets, computers, and various other recording devices. Audio is my passion, and I have found that my experience as a longtime choral singer with GMCLA has given me tremendous insight when working with choruses as an audio engineer, sound designer & audio producer. I hope these examples showcase what is possible with choral audio during this pandemic, and provides inspiration for your next virtual chorus projects!
