

A NEW HARMONY

EQUITY, ACCESS, AND BELONGING

Because choruses are for everyone!

Singing together is one of life's greatest gifts. Our choruses should be places where everyone feels welcome! Using GALA's comprehensive workbook, New Harmony facilitators help choruses engage in reflective conversations to identify and improve culture, policies, and procedures so that people from all backgrounds and identities see themselves reflected in our movement.

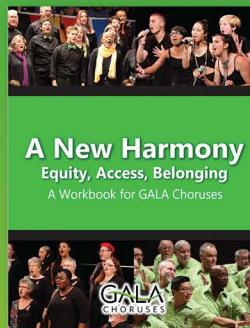

Facilitation and Education

Session topics are tailored to each organization, including:

- Mobility and Ability
- Race and Ethnic Identity
- Socioeconomic Status
- Gender Identity and Expression
- Sexual Orientation and Attraction
- Intergenerational Dynamics
- Transformational Community Engagement
- Mental Health and Neurodiversity
- Digital Accessibility

...and other New Harmony topics!

Facilitators

GALA Choruses' New Harmony Task Force provides expert facilitators with extensive experience helping choruses explore challenging topics.

Together, we can make GALA choruses a place where everyone is welcome and free to be themselves!
